Experiment 5-B

Command Center Page Using Page Builder Elements

Aim

To design and build a single internal "Command Center" Page in Zoho Creator for the existing "Student Admission Enquiry" application, demonstrating the correct usage of all eleven Page Builder elements (Panel, Board, Chart, Gauge, Search, Form, Report, Snippets, Button, Widgets, and Viewer) so that the Admission Cell has one unified workspace to monitor, manage, and act on enquiry data.

Procedure

The source has no separate Procedure section. Its Workflow Summary is used as the procedure.

1. Staff open the Admission_Command_Center_Page and see the Seat Fill Target Gauge and Course Popularity Chart.
2. Staff use the Applicant Search Bar to find a specific applicant.
3. Staff drag applicant cards across the Enquiry Status Board as verification proceeds.
4. Staff click the Send Counselling Reminder Button to trigger bulk reminders.
5. For a walk-in applicant, staff use the Quick Counter Enquiry Form from the command center.
6. The Admission Cell head scrolls to the Full Enquiries Report for deeper analysis or export.
7. For parent queries, staff refer to the Admission Process Checklist Snippet, check the Scholarship Widget, and open the Marksheet Certificate Viewer.

Page Elements Used

Element	Element Name
Panel	Command_Center_Main_Panel
Board	Enquiry_Status_Board
Chart	Course_Popularity_Chart_Widget
Gauge	Seat_Fill_Target_Gauge
Search	Applicant_Search_Bar
Form	Quick_Counter_Enquiry_Form
Report	Full_Enquiries_Report
Snippets	Admission_Process_Checklist_Snippet
Button	Send_Counselling_Reminder_Button
Widgets	SeatAvailability_And_Scholarship_Widgets
Viewer	Marksheet_Certificate_Viewer

Page Layout

- Overview Strip: Seat Fill Gauge, Course Popularity Chart, Search Bar
- Processing Workspace: Send Counselling Reminder Button, Enquiry Status Board
- Detailed Data: Full Enquiries Report
- Sidebar: Checklist Snippet, Marksheet Viewer, Quick Counter Form

- Operations Strip: Seat Availability and Scholarship Widgets

Output Screenshots

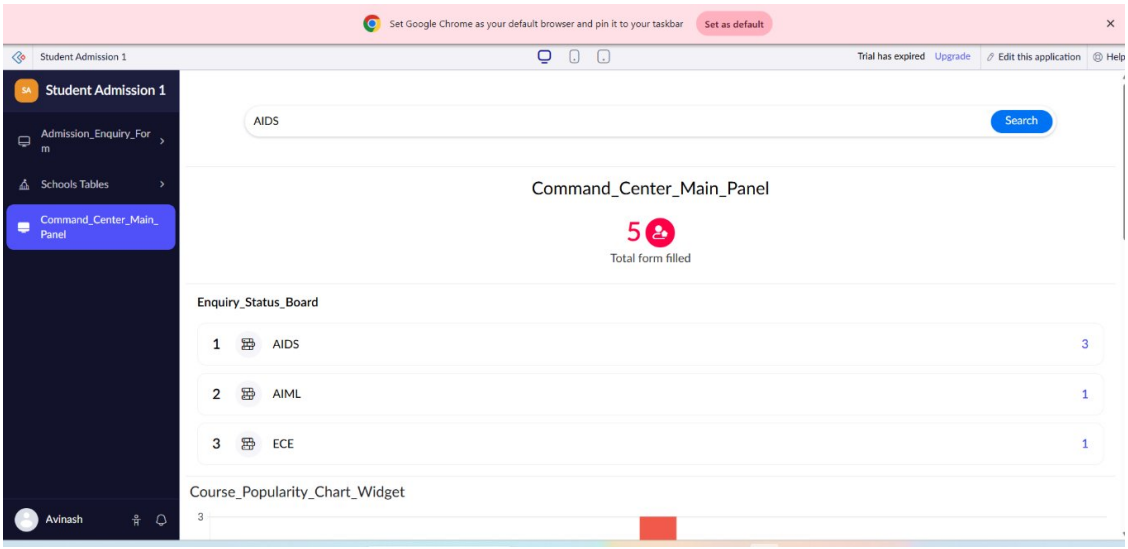

Figure 1: Live page: search bar, panel with "5 Total form filled", and Enquiry_Status_Board.

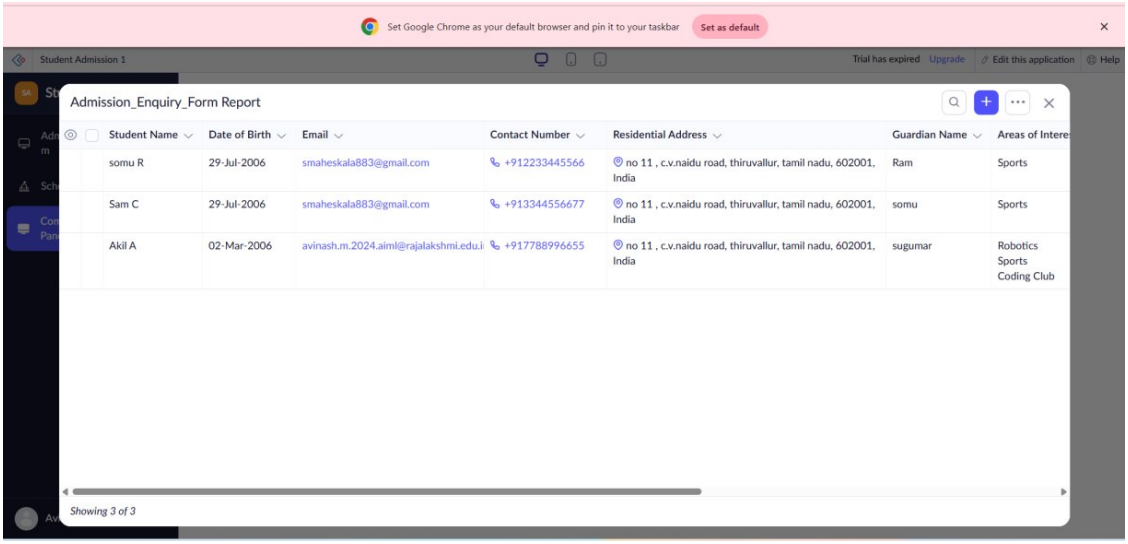

Figure 2: Admission_Enquiry_Form Report popup with three records.

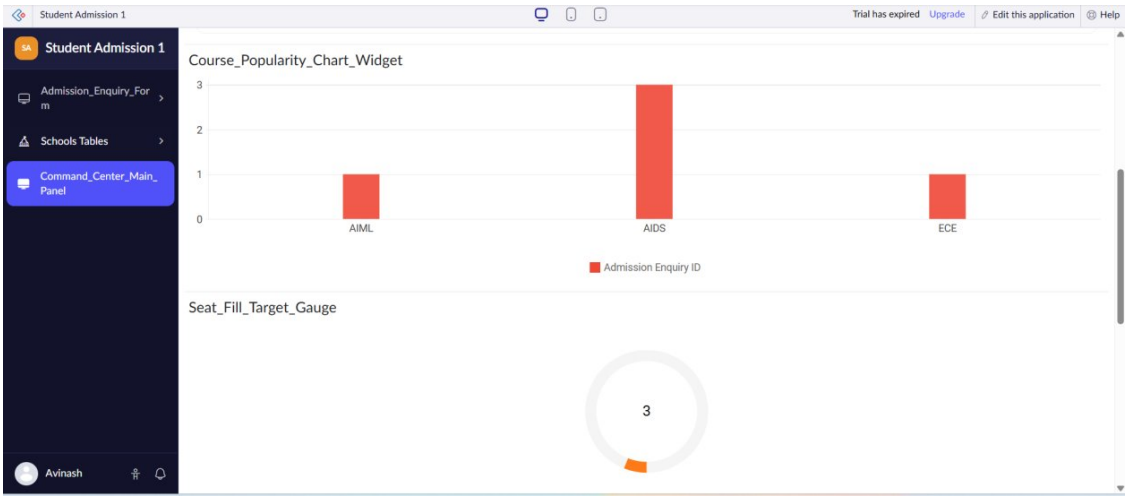

Figure 3: Live page: Course_Popularity_Chart_Widget and Seat_Fill_Target_Gauge.

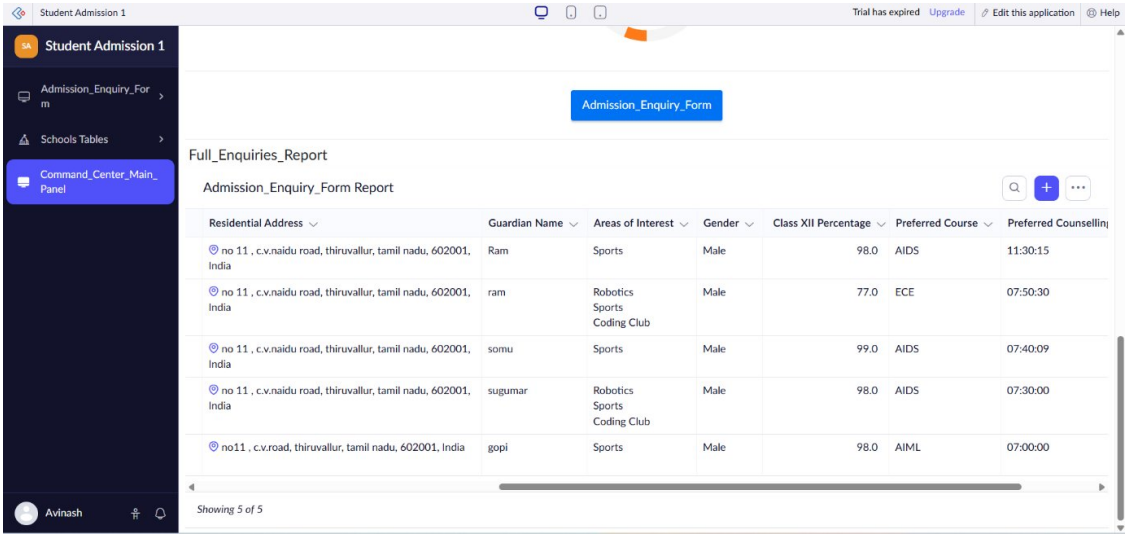

Figure 4: Full_Enquiries_Report with five records.

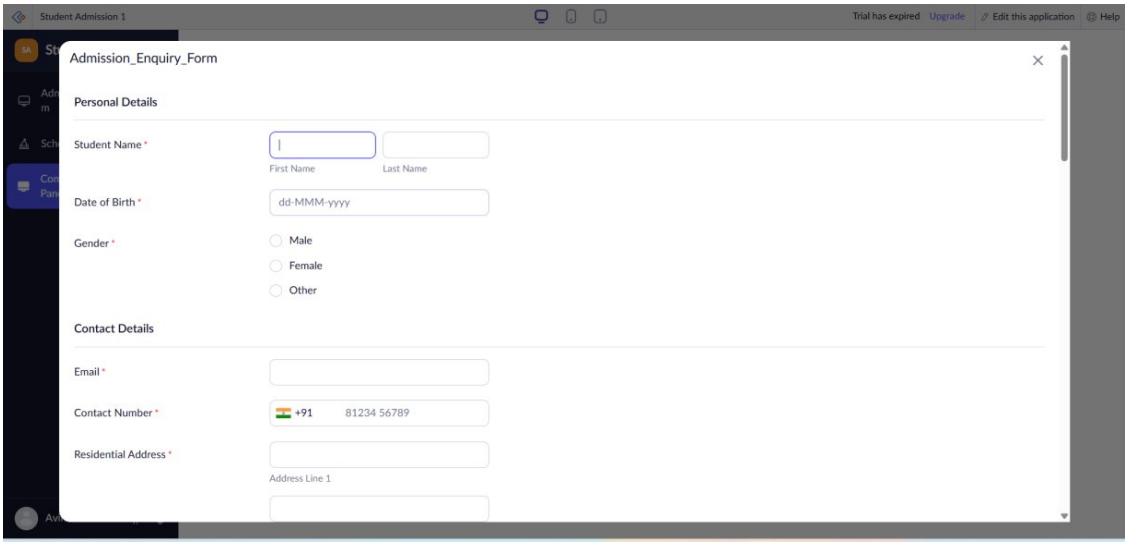

Figure 5: Admission_Enquiry_Form opened from the page button.

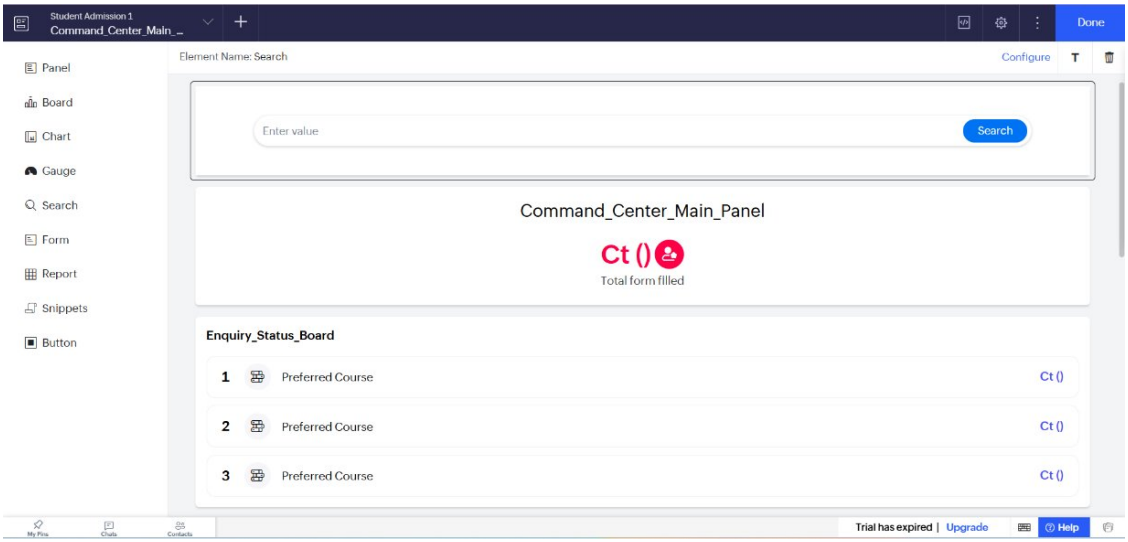

Figure 6: Page Builder: search element, panel, and board.

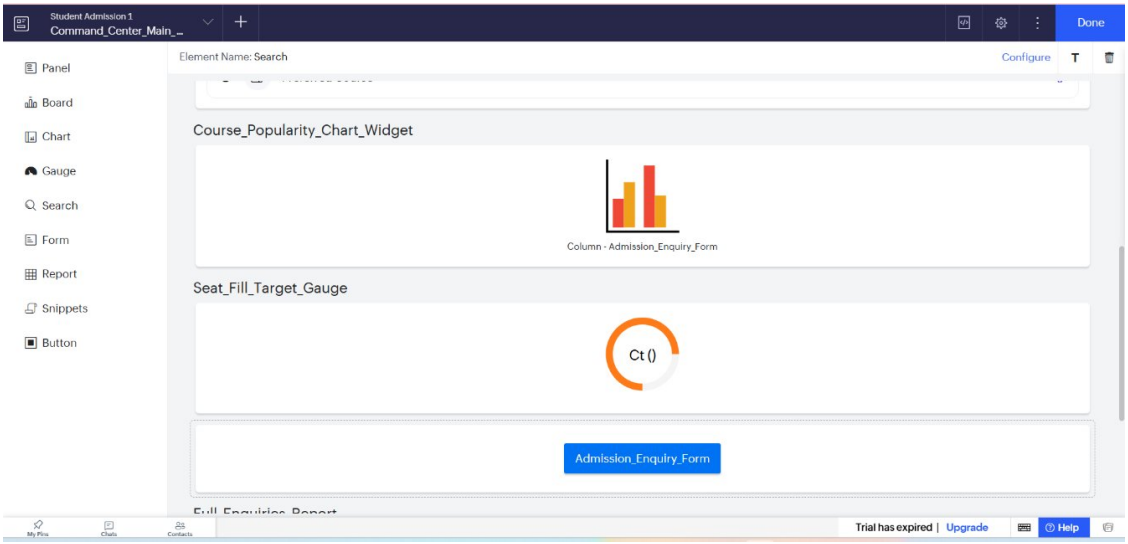

Figure 7: Page Builder: chart, gauge, and button.

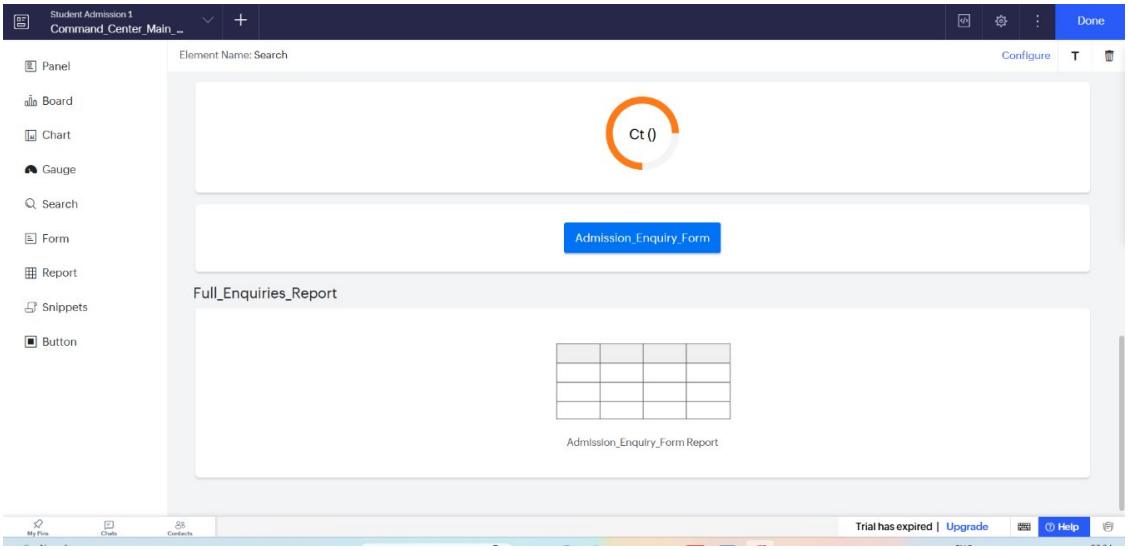

Figure 8: Page Builder: button and report elements.

Missing Evidence

- No screenshots are provided for the Snippets, Widgets, or Viewer elements.
- The Form element appears only as a button that opens Admission_Enquiry_Form, not as Quick_Counter_Enquiry_Form.

Result

A single internal "Command Center" Page in Zoho Creator for the existing "Student Admission Enquiry Form" is created.
